**DIGITAL NOMAD VISA SCHEME** | January 2022

## **INTRODUCTION**

With its Decision of October 15, 2021, the Council of Ministers approved the introduction of the Digital Nomad Visa Scheme in Cyprus, with a ceiling of 100 residence permits to be issued.

## **WHAT IS THE "CYPRUS DIGITAL NOMAD VISA"**

The "Cyprus Digital Nomad Visa" Scheme allows nationals from non-EU and non-EEA countries, who can perform their work location-independently using telecommunications technology, to reside temporarily in Cyprus and work for an employer registered abroad or perform work through telecommunications technology for companies or clients located abroad.

The Scheme's goal is to strengthen Cyprus as a center for the provision of electronic services, where in combination with the other advantages offered by Cyprus, the attraction of digital nomads will contribute to the development of the business ecosystem and consequently to the economic development of the country. The introduction of the "Cyprus Digital Nomad Visa Scheme" is included in the Strategy for Attracting Businesses for Activities or/and Expansion of their Activities in Cyprus.

## **WHO CAN BENEFIT**
