EMN REG Workshop: Effective Alternatives to Detention in Return Procedures

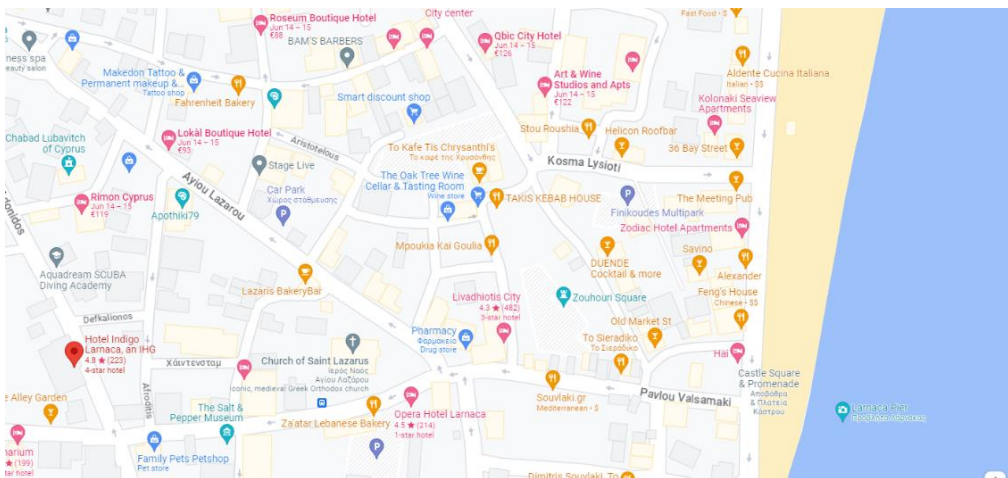

13 June 2023 (09:30-16:30, local time) and 14 June 2023 (09:00-13:00, local time)

Larnaca, Cyprus

Address: Hotel Indigo, Adonidos Street 12-16, Larnaca, 6020

GENERAL INFORMATION

The workshop will take place at [Hotel Indigo](#) in Larnaca city centre. The hotel is in a close proximity from the beach (on foot) and in a close distance from the Larnaca International Airport (see details below for taxi and bus routes).

The average temperature in Larnaca in June is usually around 19°C to 30°C. During day it may get hot reaching highs of 30°C and during night it may get chilly. Larnaca is a coastal city, therefore during summer evenings the weather might also be a bit humid. Please check weather online, before travelling.

Local time: Eastern European Time, that is -1 Central European time

Country code: +357

Currency: Euro

PRACTICAL NOTES:

1. Although tap water in Cyprus is fit to drink, we advise you to use bottled water which you can find in any convenience stores and supermarkets.
2. Please be aware that you might need a travel adapter with three rectangular pins in a triangular pattern for Cyprus. Cyprus operates on a 230V supply voltage and 50Hz. *
3. For your travel *to* and *from* the airport to the hotel, we advise you to use a taxi as the hotel is on a relatively close distance from the Larnaca International Airport. You can pick up a taxi upon your exit from the airport. The cost of the ride is usually 20 euros during the day and 25 euros in the evening. See below some taxi companies you can call in advance:

[Itaxi](#): you can contact them also via Viber or WhatsApp

[Taxi24Cyprus](#): you can contact them also via Viber or WhatsApp

[7777Taxi](#): you can contact them via phone or email

4. However, there is also a bus service you can use (bus no. 425). Please check [here](#) the route. At the 'Plan your Trip' section, pick up your Starting Point and Destination to see the accurate route on time.
5. For those who wish to rent a car, driving in Cyprus is on the left-hand side of the road and overtake on the right.
6. Mosquito repellent is advisable for use during summer evenings in Cyprus.

On 13 June 2023, EMN CY will offer a dinner at 19:30 at Noesis Restaurant & Lounge Bar which is by the promenade near the sea. It will be great to see you there. More details for the restaurant can be found [here](#).
